RE: Extensions to Statewide Rule 14 (b) (2)
Operator Number: 500794

You are advised that the Commission has cancelled the 14(b)(2) extensions on the following wells because the wells, leases or related facilities are not in compliance with all other laws and commission rules as shown below. These extensions will not be reinstated until the wells, leases and related facilities have been brought back into compliance with all railroad Commission rules and regulations.

Pursuant to Statewide Rule 14(b)(2)(c), you have thirty days to bring the wells listed below into compliance with Rule 14 by plugging, returning to production, or by requesting a hearing on the matter. Failure to bring the wells into compliance with Rule 14 may result in a demand being made against the bond, letter of credit or cash deposit filed as financial assurance with your annual Organization Report (P-5), as well as initiation of enforcement proceedings against you for non-compliance with the commission rules.

If you have any questions, please contact the P-5 Financial Assurance Section at (512) 463-6772.
