

RAILROAD COMMISSION OF TEXAS
OIL AND GAS DIVISION

42-003-05172

APPLICATION TO DRILL, DEEPEN OR PLUG BACK

IS THIS AN APPLICATION TO DRILL, DEEPEN OR PLUG BACK..... *Drill*

FILE IN DUPLICATE WITH DEPUTY SUPERVISOR OF DISTRICT IN WHICH WELL IS LOCATED

**READ CAREFULLY AND
COMPLY FULLY**

In order that it may be ascertained whether or not the proposed location covered by this notice conforms to the applicable spacing regulations set down by the Railroad Commission, there are two important footages that must be shown; that is, THE NEAREST DISTANCE OF PROPOSED LOCATION FROM LEASE OR PROPERTY LINE AND DISTANCE OF PROPOSED LOCATION FROM THE NEAREST WELL ON THE SAME LEASE. Do not begin drilling operations on any location prior to filing Form 1 and until permit granted by the Commission has been received and waiting clause period has terminated.

For the purpose of this determination draw on the back side hereof a neat, accurate sketch, made to scale, of this lease, block, or lot locating thereon the proposed site for this location with reference to the two nearest lease lines. Also show the nearest wells on all sides of of this location and the distance from the proposed location to those wells. In addition to the foregoing, unit boundary designations must be shown for each producing well on the lease and shall include proposed unit boundaries for the location herein applied for showing the acreage to be assigned this well. Give names and addresses of adjoining lease or property owners, and designate all property by lease and company name. You may attach a blue print showing this information if you so desire.

DO NOT CONFUSE SURVEY LINES WITH LEASE LINES. IF THE SKETCH OR BLUE PRINT SHOWS ONLY A SECTION, BLOCK, OR LOT OUT OF YOUR LEASE, DESIGNATE SAME AS BEING ONLY THAT PART OF THE LEASE.

Where the size of the tract will permit, use scale of one inch equaling 1000 feet; if less than 2 acres use scale of one inch equaling 100 feet. DESIGNATE SCALE TO WHICH PLAT OR SKETCH IS DRAWN. ALSO DESIGNATE NORTHERLY DIRECTION ON THE SKETCH OR PLAT.

FILL IN BELOW IN THE SPACES RESERVED FOR THIS PURPOSE THE FOOTAGES ASKED FOR:

Nearest distance from proposed location to property or lease line..... *660*..... feet.

Distance from proposed location to nearest drilling, completed, or applied for well on same lease... *300*** feet.

**** From Shell-University B-3 (existing Ellenburger well)**

*** Shell-University B-1-3-2-7 are Ellenburger producers; B-4-5-6 are Wolfcamp producers.**

NOTICE: Before sending in this form be sure that you have given all information requested. Much unnecessary correspondence will thus be avoided.

960 ft S & 660 ft W of well

Lease = 5/2

I, R. M. Hippard, being first duly sworn on oath, state that I have knowledge of the facts and matter herein set forth and that the same are true and correct.

Name R. M. Hippard, Title Divn. Expl. Engr.

Subscribed and sworn to before me this 22 day of February, 19 56

Correspondence regarding this well should be addressed to: G.B. Chenoweth Notary Public, Box 3832 - Odessa, Texas County, Texas.

Name Shell Oil Company Address.....

NOTICE
NO ALLOWABLE WILL BE ASSIGNED to any well which does not have sufficient surface casing to protect all fresh water sands. Where Commission rules do not specify surface casing requirements, it will be necessary to contact Board of Water Engineers, Austin, Texas, to ascertain the depth to which fresh water sands must be protected.

THE STATE OF TEXAS
COUNTY OF ECTOR

I hereby certify that I am familiar with conditions as they actually exist on this lease and on the surrounding leases; that the attached plat which is drawn to the scale of one inch equalling 1000 feet, is true and correct, accurately showing each adjacent lease with all wells on same; also showing each adjacent lease with the name of the lease owner and the fee owner and the locations of wells thereon; that the acreage, numbers and locations of wells are as indicated on the plat, and that this plat correctly reflects all pertinent and required data.

R. M. Lyman
Division Exploitation Engineer
