Good afternoon! So sorry you have had the Flu. That takes a long time to get over. I am sure you are still not up to par. Cindy asked me to get these wells set up for producing without regulatory. In order to get these changed, I will have to have the first date of production. Our system requires a date, so I can't add the perf information without it. I am sure you are overwhelmed just getting back from being sick. I will need those dates just as soon as you can get them to me so I can get these set up for reporting. Thanks so much for the attached directional surveys. I also need directional surveys in Excel format on the first 3 wells listed below. We have them on the last 3. Thanks and I sure hope your Monday goes well. Michelle

Michelle,

Please change these wells to PWR, if Linda has provided the needed info. The perms are listed below.

Thanks,
