Final directional survey for the full length of the well in both PDF and Excel versions: **Please see attached documents**

Kick off Point: **11445**

Perf Interval: Where the well was perfed and is producing from: **11812-19508**

Date of first production. The first day the well made any oil, water or gas: **03/09/2018**

Production to be reported (oil/gas or both): **both**

Type of completion (oil or gas): **oil**

P-8 and P-4 for new wells on a new lease. RRC Lease number for wells on an already existing lease: **Submitted P8 attached.**

Well Update: **Well initially drilled in 2016, WRO submitted to RRC setting well up at University 20 A 2003H (lease ID 48418). As part of P-6 consolidation, well moved into University 19 PW Unit (lease ID 44020). During Completion ops, a fish was stuck in well. Decision made to re-drill lateral of well as an allocation well (University 20 Alloc 2003ST, no WRO/IP fillings to date). IP will be filled for this well as University 20 Alloc 2003ST, however, P-6 is currently being revised to move this well back into lease ID 44020.**
