Hi Mary, I apologize for the delayed response. I've reached back out to our production engineer for a date.
I should have a shut-in date for you this week.
Thank you,
Mandi

Good morning, this well was shut-in when we purchased it from Callon and I'm having a hard time finding the shut-in date.
I've emailed our production engineer and will hopefully get a shut-in date today.

Thank you,
Mandi
