Good afternoon! I just wanted to touch base with you and see if you are my regulatory contact, or if it will be someone else? I just don’t want to send a you a bunch of emails that I should be addressing to someone else. We need a W-2 filed for this well with it being in the Spraberry (Trend Area) R 40 EXC field. We also need the approved W-2 for this well in the Lin (Wolfcamp) field once you receive it back from the RRC. It is still in the “submitted” stage at the RRC. I was working with Robin Swanner at FDL on this one. It was submitted with the perms being 8657 – 23915, but from the As-drilled plat (which she has been correcting to) it showed them as 8164-24062. We also needed an updated As-drilled plat with the correct well name on it. Thanks for your help! Michelle
