Final directional survey for the full length of the well (including the projection to bit) in both PDF and Excel format: attached
As-drilled plat: attached – as completed plat has not been ordered but will be this month.
Kick-off Point: 7270
Perf Interval. Where the well was perfed and is producing from: 8016-18007
Date of first production: 04/27/20
Products to be reported (oil/gas or both) both
Type of completion (oil or gas) oil
P-8 and P-4, or, if the well is on an already established lease, the RRC Number. It was not necessary to file a P8 since these wells will go into the existing University 2303/2404 battery. A P4 will be filed with the IP W2 around the end of this month. Until that time, the production is reported under the drilling permit number which is 854987
